## Light, Medium & Full-Bodied Red Wine Class - Introductory Level:

This 1½ hour wine session offers a brief (but broad and insightful) look into 'Light, Medium and Full-Bodied Red Wines' from around the world. The wine class starts by looking at the different physical characteristics of grapes varieties and then different production techniques used to express these.

Then we look at the unique regions and conditions from which they are grown. Then looking at colour, styles, palate structure, flavour profiles and level of alcohol in these diverse, character filled white wines. We will also explore the influence of different cultures, traditions, and of course the important process of food and wine pairing with a range of red wines.

This class will give you confidence to make better informed decisions on what you can enjoy with varied styles of cuisine, from tapas, pizza to bespoke meat focused cuisine, summer to winter, light to rich dishes and more - and improve your knowledge on storing and serving to have better experiences. Your taste buds will enjoy the journey.
