Light, Medium & Sparkling Rosé Wine Class - *Introductory Level:*

This 1½ hour wine session offers a brief (but broad and insightful) look into 'Light, Medium and Sparkling Rosé Wines' from around the world. The wine class starts by looking at the different physical characteristics of grapes varieties used, and then the different production techniques used to produce rosé wines.

We look at climate and regional / seasonal cuisine influences. Then looking at colour, styles, palate structure, flavour profiles and level of alcohol in these diverse, vibrant rosé wines. We will also explore the influence of different cultures, traditions, and of course the important process of food and wine pairing with a range of rosé wines.

This class will give you confidence to make better informed decisions on what you can enjoy with varied styles of cuisine, from shell-fish to desserts, summer to winter, light to seasoned dishes and more - and improve your knowledge on storing and serving to have better experiences. I promise your taste buds will enjoy the journey.
