

The EISCH 'SensisPlus' ESSENCA Experience.

The EISCH 'SensisPlus' ESSENCA Stemware Experience is a unique, educational and entertaining experience. You don't need to be a winemaker, wine-writer or an expert to smell and taste the difference that an EISCH glass can make to all wine. This is the perfect event to train your staff, entertain your customers and to discover the personality and character of wine.

During the EISCH 'ESSENCA' Experience - which runs for approximately 1½ hours, you will be shown how these highly designed wine glasses enhance the overall experience and taste of all wine.

The 'Sensis-Plus' wine glasses elevate the enjoyment of wine to a new level. We are confident you will enjoy the experience and be surprised by the effect and result on all wine.

Wines poured in 'Sensis-Plus' glasses become more harmonious & complex, with better balance & greater elegance. Through a completely natural process, the original character & structure of the wine are preserved, while its aromas & flavours become more expressive and generous. *We also talk through their range of Decanters.

EISCH 'SensisPlus' Stemware - “opening up a world of wine...”
