

## Wine & Food Pairing Experience - \*Introductory Level:

This 1½ hour Wine & Food Class is ideal for people with an entry level of wine experience and knowledge, \*plus for more experienced people interested in better understanding ideal wine & food pairing combinations with local and international ingredients / cuisine.

This class works predominantly with New Zealand Cheeses (made with NZ milk sourced from NZ pastures, regions etc...) - starting with Cow, Sheep and Goat cheese. This Wine & Food \*(w/cheese) Class is designed to excite and inform wine and food enthusiasts at all levels - introducing options available with everyday cuisine pairing that can be made in NZ and around the globe.

I have chosen (for a number of reasons) to use 6 x different styles of cheese \*(*lactose intolerant people please be aware*), that represent 6 x classic food groups, which we try to pair wines with every day. Most wine and cuisine pairings are made without much thought or experience - most are typically by habit, or routine (social influences), and a large proportion of people in NZ pair wine and different cuisines incorrectly.

With a few simple clues to wine characteristics - the resulting enjoyment that can be achieved with everyday cuisine (and in this class, with cheeses) will be improved. I know everyone will surprise themselves and the result will be a more diverse, varied and more enjoyable wine & food pairing experience.

This class will give you confidence to make better informed decisions on what you can enjoy with different cuisine, improve knowledge to have fewer poor experiences. I promise your taste buds will enjoy the journey.

### Session Content:

- We explain the mechanics of pairing Wine with Cuisine, using the 6 x cheeses in the class.
- We talk through basic guidelines - traditional combinations of Wine & Food Pairing.
- Things to be aware of, correct and incorrect wine & food pairing combinations.
- Plus - how to buy, store and to correctly serve different styles of cheese.
